UNIGRAF

Before Installation

Before installing the driver to UFG-07 Series Frame Grabber, please make sure that you select the right driver from the **2 alternatives**. Please find below an explanation of the driver types and their use.

Driver Type Selection

The UFG-07 family supports Microsoft® 7 (32 and 64 bit) and Windows® XP (32 bit) operating systems. The Installation CD includes two alternative drivers:

- **x64** drivers for *64 bit operating system*
- **x86** drivers for *32 bit operating systems*

The two drivers are located in separate folders in the installation CD. Please make sure that you select the proper one for your operating system and the application that you are using.
